Emergency Justification: High winds tore the west section of the canopy over the Multipurpose Arena at the Illinois State Fairgrounds in Springfield during the first weekend of January. A portion of the canopy was torn significantly to remove it from the area. The fabric of the canopy stabilizes the entire system and the loss of a portion of the canopy has caused movement in the structural system. The Department of Agriculture requests assistance to stabilize the existing structure to prevent any further damage to either canopy fabric or structure.

Accordance with Admin Rule: Danger to public health/safety, Protect against further damage to state property
